

Fully powered... instantly mobile... completely secure.

The CT300 is a complete tablet solution that turns a security challenge into a sales opportunity. It features 3-axis viewing, optional mobile POS device integration, and USB 2.0 ports that enable transactions wherever and whenever customers are ready. Auditing and unlimited mobility are possible with software control and rapid

tablet undocking technology. CT300's tough and durable security stand makes it possible for tablets to be left unattended as self-service kiosks. The stand provides power and security to integrated tablets and mobile POS devices, and the ergonomic security frames accommodate 8" to 12" tablets.

FEATURES AND BENEFITS

- 1 Supports any tablet size, manufacturer and operating system
- 2 Designed for fixed and mobile applications
- 3 Integrated charging for tablet and payment device
- 4 Mounting versatility with bolt, adhesive, or optional free standing base
- 5 Rapid mobility conversion using electronic key or software control to undock from stand

FEATURES AND BENEFITS (continued):

- 1 Stand has built-in alarm with optional alarm signal out
- 2 Improve customer interaction with viewing adjustments, rapid mobility and mPOS
- 3 USB 2.0 connections to support peripherals and data connectivity (not applicable for Apple devices)
- 4 All frames come standard with a hand strap, swivel capability, and the option to shoulder strap
- 5 Optional Gang Charger allows up to 5 frames with payment device to charge at once
- 6 Single frame charge adaptor keeps tablet and optional peripheral charged. Optional wall mount bracket and counter stand are available.

A storewide single key solution to increase profits.

OneKEY[™]
ecosystem

CT300 is part of the exclusive InVue OneKEY ecosystem[™], a storewide single key solution that improves customer service, increases sales and provides high theft protection.
